Placemaking Meeting | Additional Ideas

DATE: January 24, 2018

LOCATION: Stanton, Iowa

TIME: 12:00 p.m.

- A GOOD carwash would be good for community
- Area to ice skate; soccer/baseball fields north of fire station
- Car wash/detail, graphics print shop
- Community pool or water park
- Dog park
- Dog park! I would honestly use it every single day and I have friends and family that have mentioned they would use it as well. We go to the red oak one for now but it would be very nice to have one closer to home.
- I would love to see ALL of these!
- Indoor youth play center, multi-use area for toddlers-3rd graders. Climbing gym, birthday party venue with food and coffee for adults while kids play. Coffee shop that is drive thru that draws commuters thru Main Street. A store similar to dollar tree will draw teachers and people from the area. quality items max price \$1. The Omaha stores are always packed and it fits our region's economy. If bike trail passes and Stanton's Main Street is on route we will need a bar with food open in the evenings during the summer. Similar to the taco ride in Minneola every Thursday. Capitalize on Swedish heritage. A store that sells Swedish rye bread, spritz cookies, (the goodies that we are known for) add in some gift items like Swedish horses, velkommen signs, etc. has to be priced economically though. People will shop based on price and come there because it is cost effective. The reason businesses fail is because they charge too much. Whatever you do has to have a very low overhead in order to sustain itself during off season months.
- Larger outdoorsman store?
- Pet boarding, grooming, clipping, etc.

- Pet care, 2nd hand books, tech store, Mexican food, photo print and copy, sauna, massage, Community garden goods
- Red box would be great to get movies and games
- Red box would be nice. There's already a cafe/restaurant/coffee shop, this town can't support two.
- Redbox
- Roller skating rink
- Seasonal farmer's market
- Some type of a manufacturing plant
- Splash pad or water activity for kids
- Splash pad or water related for kids
- Starbucks!!
- Super Target or Walmart
- Tire Repair, welding, and service business
- we already have a restaurant for breakfast and lunch
- We have a restaurant that serves breakfast and lunch so feel that's not needed
- WiFi for downtown
- Wine/craft beer concerts at the park
- Yes to artist studio if it means a storefront for local artisans to show and sell their products. Like Etsy but in an actual store. Quality handmade items of all types. If done well could draw people in?
